Survey

We have a Code of Conduct. If you haven't read it, **read it now**. The survey involves a question about Conduct. We want to make sure this workshop is a supportive and safe environment for learning, so this Code of Conduct is quite important.

If you haven't read the sections under "Workshop overview" and "Pre-workshop tasks", **please read them now**.

You're almost done. Please fill out the pre-workshop survey to finish this section:
